At Club Med, we give everyone a wholesome, healthy, and active family vacation that is second to none.

From exciting land and water sports to creative expression, our Children's Clubs are designed to foster a fun learning environment that expands horizons, increases confidence and creates new friendships. While the littlest ones can enjoy fun and stimulating early-learning activities, older kids can play sports, go on nature discovery adventures, express themselves with plays and artwork and enjoy themed parties at their leisure. Many resorts with a Club Med Passworld™ (for ages 11-17 years) have a special hangout, such as "The Carwash" at Cancún Yucatán, Mexico.

At select resorts, there are specialized learning activities, such as Petit Chef®, which teaches kids to cook and about healthy eating, and the Baby Gym, which helps develop motor skills. And now, there's a new CleanArtPlanet Workshop Program, which raises environmental awareness by transforming recycled materials into works of art.

Explore the depths.

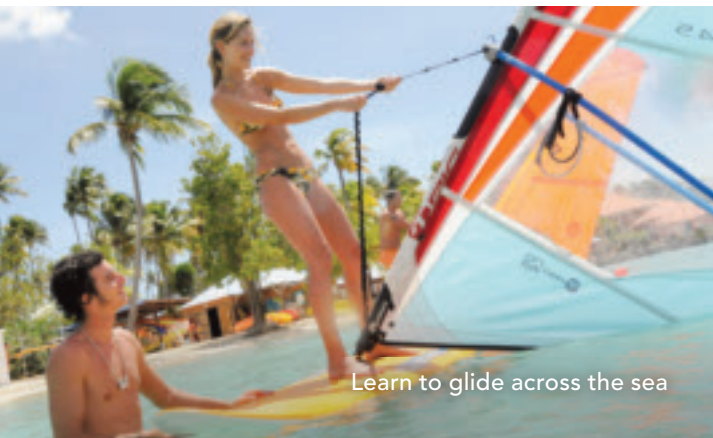

Many Club Med resorts, such as Turkoise, Turks and Caicos and Columbus Isle, Bahamas, are beside some of the world's best diving destinations, known for their great visibility and abundance of underwater flora, fauna, wrecks and coral reefs.

Each day, boats will take you on snorkeling adventures so you can discover the gardens of the depths from the surface. And if you're looking to go a little deeper, both resorts have on-site Seafari Scuba Diving Schools* providing all the necessary gear, amenities, and PADI certification for every level.

Looking for thrills?

Dare to try kitesurfing, a popular new sport that fuses the best of windsurfing, wakeboarding, paragliding (with a bit of gymnastics). At select resorts, such as Punta Cana and Columbus Isle, we now have special schools that will teach you how.*
