Choose Your Adventure…

Whether you choose to charter a boat to the glorious volcanic archipelago of Les Saintes (‘Islands of the Saints’), snorkel sheltered reefs swarming with tropical fish, or sightsee in colorful port towns like Martinique’s Les Marie-Galante (‘birthplace of queens’), Mexico’s colonial town of Valladolid, or Brazil’s Salvador (the ‘capital of happiness’, known for its friendly inhabitants and lively street parties)... There’s an adventure for everyone.

…Or Let it Choose You.

Naturalists may opt to catch a humpback whale migration through Dominican Republic, swim beside whale sharks in Cancun, or befriend dolphins at Ixtapa. Outdoorsmen may prefer a WaveRunner ride through the Florida Everglades, deep-sea fishing or wall diving in the Turks and Caicos, exploring Mexico’s glowing phosphorescent caves or ecotours in a vibrant Brazilian rainforest. History buffs will love Cancun’s ancient Mayan ruins while families can’t wait to visit Florida’s Kennedy Space Center and Orlando’s world-renowned theme parks.

Explore the ancient world…

Delve into the wonders of the ancient world in Greece, with Athens’ Temple of Artemis, Acropolis and Parthenon – or visit Delphi, the birthplace of the legendary Oracle and modern-day Olympics. Or ascend Meteora, spectacular Byzantine-era monasteries atop enormous rock towers. In France, immerse yourself in the beauty of Provence and the French Riviera with a visit to the charming medieval cities of Saint-Paul-de-Vence and St. Cezaire; after enjoying their cobblestone streets, terraced cafes and boutiques, go see Grasse’s famous lavender fields and perfumeries or Cannes’ seaside.

...and find yourself.

In Turkey, explore the ancient Roman Pamukkale and Hierapolis, famous for dazzling white petrified waterfalls and its many necropolises, temples, churches, thermal baths and theaters. Or visit Bodrum’s medieval castle of St. Peter and the Mausoleum at Halicarnassus, with one of the world’s finest museums of underwater archeology. Discover Istanbul’s enormous sunken palace of Basilica Cistern, the Hippodrome, Grand Bazaar and the Ottoman Empire’s Topkapi Palace. Don’t miss the extraordinary mosaics of the Blue Mosque and Hagia Sophia Cathedral — or the preserved Roman theaters and amphitheaters of Termessos, Pergé and Aspendos.

See the world from a different vantage point...

You’ll be awestruck by the untamed, raw natural beauty and grandeur of the French Alps. Spend the afternoon on guided walks, mountain bike trails, on white water rafts – or climb Chamonix’s Aiguille du Midi, a jagged spike of rock offering breathtaking 360° views of the French, Swiss and Italian Alps. Don’t miss the Chartreuse Regional Nature Park where you can taste a herbal liquor that monks have concocted for centuries – or the Grotte de la Mer de Glace, a wondrous ice cave with frozen tunnels and ice sculptures that change colors.

...and live with your mind wide open

France is known for its culture and arts, and the French Alpes are no exception. The land has a rich history with scores of museum landmarks featuring garden-encircled turreted castles, crypts, cathedrals and medieval towns that date as far back as the 4th century. Shop the villages’ incredible collections of Savoyard art, crafts and alpine natural history – or visit Magasin’s Centre National d’Art Contemporain and the Grenoble Museum, which have Paris-worthy collections of contemporary art. And don’t forget the winter sport excursions, which include snow-shoeing, cross-country skiing, dog-sled rides, and thrilling snow sports, such as speed riding and snow scooting – which take you pretty close to flying.

Discover extraordinary people and places…

Scale Bali’s terraced rice paddy fields, walk ebony sand beaches, or raft the jungle-bordered Ayung River or Telagawaja. For a spiritual journey, you’ll want to see the Prambanan (the largest Hindu sanctuary in Southeast Asia), Temple of Borobudur (the world’s largest Buddhist monument), and the celebrated temples of Mengwi, Tanah Lot and Pura Besaki. In Mauritius, shop local markets and shopping malls, stroll botanical gardens, go deep-sea fishing, hike volcanoes, swim through waterfalls or saunter around plantations and historical homes. In Morocco, shop open air souk markets, take a camel ride, see the Atlas Mountains and a real oasis, or spend the day visiting ancient cities filled with palaces, riads, tombs and museums.

...that will not only make your dreams come true – they’ll inspire you.

In Phuket, you can ride an elephant, pet a tiger, and visit ancient temples where monks still preside, or take a speedboat to the stunning Phi Phi islands and a junk boat to the equally amazing Phang Nga Bay. To see Guilin’s otherworldly scenery, take a boat down the tranquil, deliciously sweet-smelling Li River. Watch as fisherman use cormorants to fish, visit a stalactite cave, attend a tea ceremony, or learn to make authentic Chinese cuisine or write in calligraphy. In Kani, snorkel the paradisiacal Blue lagoon, go fishing for big game in crystalline waters, or book a trip to the Maldives’ capital and spend the day shopping.

*All extra cost.

TRAVEL TIPS

Due to heightened security, travelers are recommended to arrive at the airport no later than 3 hours before their time of departure. Schedule changes may occur; please contact the airline to confirm reservations and travel times. The US Department of Homeland Security and the Transportation Security Administration have established screening procedures at airports in North America. Liquids, gels and aerosols (travel-sized toiletries) must be in three-ounce or smaller containers that fit in one, quart-sized, clear plastic, zip-top bag. After clearing through security, travelers may purchase and bring aboard the aircraft beverages and other items from the secure boarding area. Please have the zip-top bag easily accessible when clearing the security checkpoint, as you will be asked to have it x-rayed. Travelers with larger amounts of prescription liquid medications, baby formula, or diabetic glucose treatments will also be required to declare such items at the security checkpoint for additional screening. As all travel alerts issued may change, please frequently check the TSA website at tea.gov, in Canada, visit safe-travel.gc.ca prior to departing on your vacation for the most up to date information.

CAR RENTAL

For your convenience, rental cars are available on premises at select resorts. Rental facilities can also be found at airports and some train stations.

CHECK-IN/CHECK-OUT

Check-in is at 3:00 p.m. Check-out is at 11:00 a.m. More favorable check-in/check-out schedules are available, depending on the resort (refer to your "Notification Form").

CHILDREN

While the Children’s Clubs at select resorts offer games and activities, it is best to pick a selection of your child’s own toys to keep him/herself amused during travel time and the vacation period. Don’t forget prescriptions and other medicines such as baby aspirin, cough syrup and something to calm an upset stomach. Children’s clothing should be comfortable and easy to clean, and should be labeled on the inside.

CLIMATE

Take time to adjust to changes in climate, temperature and altitude. Avoid excessive physical exertion on the first day. Sun exposure should be gradual, wear sunglasses, a widebrimmed hat and sunscreen.

CUSTOMS

Read posted signs when going through customs. Keep all receipts and sales slips, and pack items to be declared together. Items which must be declared include: purchased items, gift items, items inherited while away, items purchased in duty free shops, on a cruise ship or plane; items purchased for someone else; items purchased to sell or use in your business and items which have been repaired or altered during your trip.

ELECTRICITY

A selection of our resorts are equipped with hair dryers in the rooms. If you wish to bring such items as shavers, hair dryers, electric toothbrushes, etc., remember they must have the proper voltage or be dual-voltage ready, depending on the electricity in the country you are visiting. Travel stores and most electronic stores carry converter kits, or you may purchase items which have been repaired or altered during your trip.

HEALTH

Most Club Med resorts have a registered nurse on site and a physician on call. However, a first aid kit is always a good idea to bring, especially if you are traveling with children. Some items to include: medicine for motion sickness, aspirin, antiseptics, antibacterial ointment, antihistamines, antacid, insect repellent, diarrhea medicine, sunscreen, and bandages. It is a good idea to hand-carry all prescription medicine. Also bring a copy of your prescription. Note: the availability of prescription medicines may be limited in some countries. It is common for international travelers to suffer from digestive trouble. In order to minimize your risk, we recommend that you progressively adapt your diet by staying hydrated and eating well-cooked food. Water in Club Med resorts is drinkable and bottled water is also available.

LUGGAGE

Club Med’s G.O.s (“Gracious Organizers”) are multi-lingual, so you will not have a problem communicating within the resort. If a foreign language is spoken at your destination and you plan to explore outside the resort, bring along a “Useful Phrases” book.

MONEY

Bring a small amount of local currency, a major credit card and travelers’ checks. Do not leave them in the same location in case one of your bags is lost. Money can be changed at the airport or at the resort. Remember to record the serial numbers of your travelers’ checks and take emergency numbers to report lost or stolen credit cards.

PASSPORTS, VISA’S, AND PERSONAL IDENTIFICATION

New passport requirements: For travel outside the United States including Mexico and the Caribbean, a passport is now required. Please check with your state gov: (for Canada: www.voyage.gc.ca) for complete travel information, some countries may also require a visa. Verify that your passport/visa has not expired (some countries will not allow you to enter on a passport that’s due to expire in six months or less). Check with the Tourist Board to find out the requirements of the particular country you are visiting. You may check specific consular information for any country at www.travel.state.gov. Special requirements may apply in the event a minor is traveling with a guardian or only one parent, including, but not limited to, notarized parental permission.

PACKING TIPS

Pack light. Divide your belongings between a small, carry-on suitcase and a full suitcase so you have clothing and essentials should your checked baggage be delayed or lost. In your carry-on bag, you should pack prescription medications, extra eyeglasses or contacts/cleaning solution, personal feminine products, a camera and film, a portable alarm clock, pocket calculator and all important papers (biots, passport or visa, hotel and car reservations, necessary phone numbers). General packing tips: clothing should be comfortable and easy to clean. There may be some occasion for formal wear, but casual clothing is the most useful attire. Wear natural fabrics that breathe, such as cotton. If you are staying in a warm-weather climate, bring a sweater or light jacket for cooler nights. Plastic sandals are a good idea for beaches, and a sturdy pair of walking shoes is essential. Don’t forget your swimsuit.

SAFETY

The safety of its guests is Club Med’s highest priority. We recommend not to take large amounts of cash or expensive jewelry. Bring a belt or otherwise secured purse (preferably one which you can conceal beneath your clothing) to safely carry such items as currency, identification and room keys. Other valuable items may be secured within your room safe, or within a safety deposit box. Travelers may purchase and bring aboard the aircraft with your laptop, computer, camera or video equipment, etc., as long as they are in a properly labeled, zip-top bag easily accessible when clearing through security. Travelers with larger amounts of prescription liquid medications, baby formula, or diabetic glucose treatments will also be required to declare such items at the security checkpoint for additional screening. As all travel alerts issued may change, please frequently check the TSA website at tea.gov, in Canada, visit safe-travel.gc.ca prior to departing on your vacation for the most up to date information.
