MIAMI (July 19, 2023) – Club Med, the pioneer of the all-inclusive concept, announced today a variety of new developments launching over the next year, including a new ski resort in Japan, completion of renovations in the brand’s North American family flagship resort, Club Med Punta Cana, refresh of the brand’s unique Martinique resort, Club Med Buccaneer’s Creek, and enhancements to the teens programming.

As Club Med continues to move forward with its ambitious development plans worldwide, the brand plans to expand its portfolio with three to five openings or renovations per year, including a U.S. mountain resort targeted to open in 2-3 years, as well as a new resort in the Caribbean in the near future.

New Ski Resort: Club Med Kiroro Grand
Club Med will debut its newest Japan ski resort, Club Med Kiroro Grand, this December further establishing the brand as the leading all-inclusive pioneer with 20 mountain resorts throughout the Alps, Canada and Asia. Located in Hokkaido, the internationally renowned ski destination of Japan, this untouched mountain features white powder snow and unique ski trails that guests travel from all over the world to experience. The resort will attract families, active couples and avid skiers to discover an elevated mountain vacation featuring spring skiing until May (with 160 days of winter) along with night and off-piste skiing with new trails. In addition to the skiing and other winter sports, guests can learn more about the culture and traditions of the region through day trips to Otaru, a costal town of Sapporo known for its glasswork and Sake and beer distilleries. Learn about the native Ainu heritage of Hokkaido by visiting their local shops that house beautiful handcrafted wood carvings and embroidered clothing. Club Med Kiroro Grand is a destination for travelers to ski impeccable trails and immerse themselves in the rich cultures and activities of the Kiroro region.

Inspired by the dreamlike scenery of Kiroro’s natural landscape, Club Med Kiroro Grand is designed with a distinctive enchanted forest theme, encapsulated from the reception to the 266 guest rooms depicting natural finishes and rich, traditional Japanese influences throughout. Upon arrival, guests will be drawn into the signature mountain charm bringing the great outdoors inside. The resort is situated in an unspoiled ski domain with 23 courses for all levels and off-piste ski slopes across the Asari and Nagamine mountains. Included in the stay, travelers will enjoy unlimited ski-in and ski-out access to a pristine domain, lift passes, group ski and snowboard lessons tailored to all ages and skill levels. Guests seeking active experiences outside of traditional skiing and snowboarding can choose from a plethora of activities at the resort like yoga, cardio training, digital darts and more. The resort also caters to families and children with dedicated Children’s Clubs for kids ages 2-17.

After spending the day on the mountain, enjoy apres-ski activities like the brand’s first traditional Japanese onsen featuring a dedicated wellness lounge with a sauna and a hot stone room or indulge in the resort’s Japanese-inspired restaurants, the Club Med Spa, indoor swimming pool and all-day entertainment. Additionally, Club Med Kiroro Grand is a 3-minute gondola ride from its sister resort Club Med Kiroro Peak and will be the brand’s sole mountain destination in Asia.
