We regret that we cannot accept liability or pay you compensation where the performance of our contractual obligations is prevented or affected by “force majeure”. A failure to comply or a delay in complying with these terms and conditions by Club Med or our Club Med Sales Office which is caused by force majeure means that we will not pay you compensation if we have to cancel or change your Club Med holiday in any way because of circumstances beyond our control prior or after departure. general holiday guidelines & tips

PLEASE READ THESE RECOMMENDATIONS TO MAKE THE MOST OF YOUR HOLIDAY.

TRAVEL INSURANCE

Club Med implements a strict policy in terms of standards of operations, safety and security at each of its Resorts, but there is no guarantee that loss, damage or injury will not occasionally occur despite Club Med's best efforts. Club Med advises that you purchase adequate insurance coverage to suit your needs for your Club Med Holiday.

HEALTH

Health Policy

Club Med implements a strict and comprehensive health policy at each of its Resorts, but there is no guarantee that all of our Resorts are virus free despite Club Med's best efforts. We advise that you take some precautions before you depart and for the duration of your stay.

Health Check Before Departure

Regardless of where you are travelling to, we recommend you seek expert travel advice on health issues prior to departure. We advise you consult your physician prior to departure and inform them of your destination. Your physician will indicate to you if your state of health is compatible with the stay that you have planned, notably if you have any ongoing treatments, if you have any chronic conditions, if you are pregnant, if your child is under the age of two or if you are showing any allergic conditions. Also take the time to check the validity of your vaccinations and those of your children.

Club Med will not refund any of your stay or additional costs (cancellation, repatriation, hotels, taxis, etc.) if you are unable to comply with the health procedures required in some part of the world and to access our Petit and Baby Club Med programs.

Medical Assistance During Your Stay

You will find, in certain Resorts, depending on their medical facilities, a nurse and/or a doctor. They cannot, except in the case of treatment such as the provision of comfort or first aid, replace the local doctor, who is alone authorised to fully practice medicine.

Club Med provides 24-Hr travel emergency and assistance and evacuation assistance services for serious accidents and incidents in the Resorts. If your state of health justifies it, Club Med may use the services of Europ Assistance who will advise, or not, and will decide, where appropriate, on the practicalities of repatriation.

Disease Prevention

We remind you that certain conditions not specific to the journey, are likely to be contracted no matter where you go (e.g.. seasonal viral, sporadic, influenza or intestinal infections). Others are specific to the host country or linked to the climate conditions and to the microbiological environment. Club Med takes every measure in order to reduce their impact, but cannot guarantee you protection against any pathogen. As for new emerging risks, Club Med has taken and will continue to take, where appropriate, the necessary preventive measures in the Resorts of the areas affected.

Certain viral or parasitic diseases (dengue, malaria, etc.) are transported and carried by mosquitoes in inter-tropical zones: we advise you to use skin repellent products and clothing suitable for the tropics, more specifically for certain periods of the year and the day, notably the evening. The taking of medication may be necessary. This requires the advice and a prescription from your physician. If, in the three months following your return, you need to see a doctor for fever-like symptoms, you must imperatively inform him of this stay abroad.

DIET

Dietary Precautions & Climate Changes

Club Med ensures, through its hygiene checks, the maximum hygiene at all stages of the food preparation and presentation in its Resorts. However, the change in eating habits and/or climate change may cause a certain amount of inconvenience. Diarrhoea (gastroenteritis) is the health problem which affects travelers most frequently according to their destination as well as their resistance to a change of climate, environment and diet. Disorders are most often mild and can be cured in a few days with symptomatic treatments and appropriate oral rehydration. Gastro symptoms can affect any travellers especially families and group of friends interacting together. If symptoms are also accompanied with a fever, they may require a specific treatment, notably among children under the age of two. Regularly washing your hands with soap considerably reduces the risk of intestinal infections. As preventive policy, Club Med offers hand sanitizers at your disposal in key areas of our Resorts to help reduce germs / illness spreading.

Allergies

1. Any person likely to be allergic to a specific food component is invited to check locally at the Resort with the kitchen Chef before consuming food. It is also advised that clients bring any responsive treatment (like epipen) for all known allergies. Should you or your guests have any specific dietary or health requirements, we recommend that you confirm with your travel agent that such dietary or health requirements can be met whilst on a Club Med holiday.
2. Please note that employees supervising the kids clubs are not permitted to administer any medication to children attending kids clubs. If a child has food allergies, meals taken within the kids clubs program will have to be accompanied by a parent.

KIDS CLUBS

Club Med provides dedicated facilities for Baby Club, Petit Club and Mini Club Med at selected Resorts with trained staff according the specific age group of the child. The participation of children attending the Baby Club Med or Petit Club Med is offered at an additional charge.

Special Requirements

We consider that the health and safety of children attending its kids clubs is of paramount importance. Parents or guardians of children with special needs who intend to utilise the kids clubs are required to notify the Resort in advance of their stay of their child's special requirements.

Accessibility

Due to the limited number of places, we recommend you book your children with the Baby Club or Petit Club before your departure and when your booking is made. In order to gain admission to Baby Club Med and/or the Petit Club Med, guests must show that all of their children attending the Baby Club Med and/or the Petit Club Med have their vaccinations up to date (medical certificate, vaccination book or health book). In the case of Baby Club Med, the vaccinations must include the child's first shots against diphtheria, tetanus and polio.

CARE OF PERSONAL BELONGINGS

Money

Thanks to the Club Med Pass® payment card, available in most of the Resorts as payment method, you will have this option to pay for all your local purchases made at the different sales outlets of the Resort to minimise the need to carry cash during your holiday. A credit card (or cash) will be required to close your account upon check-out. We advise you not to take with you too many valuable items or jewellery.

Belongings During Stay

During your holiday, you must never leave important documents (passports, credit cards etc), jewellery or other valuables (mobile phone, iPads, cameras, etc) unattended in your room or around the Resort facilities and grounds. We accept no liability for valuables lost, misplaced or stolen that have not been deposited and locked in the safe in your room or in the Resort's main safe whilst you are on a Club Med holiday. We recommend that should you be concerned regarding your valuables whilst on a Club Med holiday, that all valuables be checked into safety deposit boxes where available at each Resort.

Belongings At Departure

Prior to leaving the resort, please ensure that you witness your luggage and belongings being loaded onto your transfer vehicle and ensure that all luggage is clearly labelled with your full name, flight number and your destination address. Club Med cannot be held responsible in the event that you lose or leave behind personal items or other property on your holiday. We will always endeavor to find any lost property and return it to you if possible. We will only do so, on the understanding that Club Med is not liable for any subsequent loss of or damage to that property, please note that we will ask you to cover postage.

MINOR POLICY

Care and Liability for Minors

During his stay in our villages, it is mandatory for any minor to be under the care and the liability of his parents or his legal representative. If the accompanying person is not his parents or his legal representative, this accompanying person has to provide Club Med, upon booking, with a written authorization issued from the minor's parents or legal representative. This authorization will have to specify the conditions under which this accompanying person takes the care and the liability of the minor during the stay.

Legal drinking age

Persons under the legal drinking age are strictly forbidden to consume alcohol whilst on a Club Med holiday. Whilst Club Med employees are specifically trained to refuse service of alcohol to persons under the legal drinking age, it is the responsibility of the accompanying adult to ensure that persons under the legal drinking age in their care do not consume alcohol whilst at a Club Med Resort. **Club Med strictly follows local laws and regulations for drinking age and this information could change depending on the country visited** (for example and not limited to: USA 21 years old / Indonesia & Malaysia 21 years old / Thailand 20 year old).
