Excursions of your cruise

**Day 2 - Sunday**
- **Bastia / Cap Corse in 4X4 (1/2 day)**
  - Via mountain trails, you will reach the summits of this islet peninsula in this unspoilt island, and will take advantage of the 360° viewpoints to take in the northern part of Corsica, part of Italy and the Tuscan islands. Between "American palaces", a Medieval chateau, Genoese towers and untouched and untamed nature, the incredibly subtle beauty of this micro-region will be unveiled to you.

**Day 2 - Sunday**
- **Bastia / Crossing the Cap Corse and St Florent in 4X4 (1/2 day, morning)**
  - This trip around Cap Corse offers you the chance to see several amazing seaside landscapes. You will travel along mountain roads and through the villages at the summit of this peninsula until you reach the picturesque little village of Saint Florent. You will then be able to wander along the quayside of the harbour and the narrow streets of the old town or visit the 15th century citadel where you can enjoy the amazing view from the esplanade over the bay and the Désert des Agriates. This tour ends delightfully with a drive through the Patrimonio vineyards, before returning to the port of Bastia.

**Day 3 - Monday**
- **Livorno / Pisa (1/2 day, lunch not included)**
  - Have you ever visited the Leaning Tower of Pisa? This monument, which is the most photographed in all of Italy, has become a symbol of the country, in the same way as Nelson's Column symbolises England. Constructed around a vivid green lawn, four large white buildings make up the religious centre of Pisa: the Cathedral, its bell tower (the Leaning Tower), the Baptistery and lastly the Campo Santo monumental cemetery. These four buildings with their similar construction materials and circular layout, give this Campo wonderful visual integrity. The tower was closed in 1990 for renovation and reopened to visitors in 2001.

**Day 3 - Monday**
- **Livorno / Pisa (1/2 day, morning)**
  - This walking tour will take you to the Piazza del Duomo, home to Florence's most iconic sites. The cathedral is topped with a 15th century cupola and flanked by the baptistery and campanile. Walk through the Piazza della Signoria to the Loggia dei Lanzi and the Santa Croce church. Make the most of the free time to choose a restaurant, wander the back streets or cross the Ponte Vecchio.

**Day 3 - Monday**
- **Livorno / Pisa (1/2 day, afternoon)**
  - Travel through the Tuscan countryside and admire the rolling hills covered in olive groves and cypresses. Follow the roads through the wine country for a winery tour, where you'll be able to observe the traditional wine-making process and try local wines. Then you'll have some free time in the charming little village of Montecarlo di Lucca, with its well-preserved historic centre and attractive ramps.

**Day 3 - Monday**
- **Livorno / Lucca (1/2 day, afternoon)**
  - Lucca is often missed out on visits to Tuscany, but it's well worth the effort to explore behind the ramparts. Having passed through Etruscan, Roman and Lombard control, the city has many layers. Behind the 17th century red brick walls and bastions lies the street plan of a Roman military camp, riddled with complicated alleyways and strangely shaped squares added in the Middle Ages. Visit the beatiful Martino San cathedral, and wander along the Via Fillungo, the main pedestrian street, past the main historical centre and the Rickly gardens. A one hour of free time rounds off the excursion.

**Day 4 - Tuesday**
- **Elba / In the footsteps of Napoleon (1/2 day)**
  - Set off on a guided fitness walk and take on the inclines. You'll be rewarded with a splendid view of the town and the private beaches that can be seen only from the summit. This walk will take you to Fort Falcone, where refreshments will be provided.

**Day 4 - Tuesday**
- **Elba / Urban Trekking in Portoferraio (1/2 day, morning)**
  - Visit Villa San Martino, where Napoleon spent his ten months of exile on the island of Elba, before exploring the pretty fishing port and fort in the little village of Porto Azzuro. On the road towards Portoferraio, stop for a wine tasting at the La Chiusa wine estate. You'll find that wine tastes even better when you're standing amidst the vines with the sea in the distance.

**Day 5 - Wednesday**
- **Bonifacio / Lavezza islands (1/2 day, morning)**
  - The Lavezzi islands have got a hundred islands and are part of the Natural Reserve of “Bouches de Bonifacio” established in 1999. This small paradise of crystal clear water and sandy creeks presents a lunarlike landscape. You will have an hour of free time to swim and stroll along the flowery paths of its main island. No bar on the island: don't forget your bottle of water.

**Day 5 - Wednesday**
- **Bonifacio / Caves and cliffs (1/2 day, morning)**
  - In February 1996, the cliffs of Bonifacio were declared French National Heritage. Follow us and discover caves, cliffs and creeks, during a one hour guided boat ride. After the ride, visit Bonifacio by yourself and individual return to Club Med 2.

**Day 7 - Friday**
- **Naples - Panoramic tour of Naples (1/2 day, afternoon)**
  - You'll begin the tour at Mergellina and Posillipo Hill, famous for their panoramic view over the Gulf of Naples. You'll then go on to Castel Nuovo, symbol of the city's architecture. The bus will take you to the Royal Palace, the outside façade of which is studded with statues of the King of Naples. You'll pass via the Teatro San Carlo, one of the oldest opera houses in Europe, and have free time in the Piazza Plebiscito before going back to the ship.

**Day 7 - Friday**
- **Naples - Herculaneum (1/2 day - morning)**
  - Despite its lack of facilities, the city of Herculaneum attracted rich people from Campania and Rome thanks to its location and amazing views over the Bay of Naples. Life there stopped in AD 79 following the eruption of Vesuvius which covered the city in a layer of ash. Here, you can see the public buildings such as the baths and the shops including the bakery whose oven and millstones were preserved, but above all the many Roman houses, some of which still feature splendid decorations. Marble paving, mosaics and paintings bring the city back to life.

**Day 7 and 8 - Friday and Saturday**
- **Naples - Pompeii (1/2 day, morning)**
  - The town was a flourishing community with over 25,000 inhabitants when it met with catastrophe on 24 August in the year 79 CE. Its inhabitants were killed by the eruption of Vesuvius as they went about their everyday lives, and a shroud of cinders kept the site almost intact. As well as the incredible collection of monuments, homes, works of art and furnishings that the excavations have uncovered, the site reveals daily life in ancient times in stunning detail.
